- Annual London Wexford Association Delegation Report April, 2022
- Cllr. Cathal Byrne, Report of The Suck Valley Way Conference, Roscommon April 2022.

11. Deferred Notices of Motions – County Council Meeting 11th April, 2022

11.1 Cllr. L. Kelly

“Wexford County Council call on the relevant minister to fund a Local Coordination Group to support the Ukrainian refugee fleeing the invasion of their homeland,

Similar to the interagency model which was successfully used for the arrival of Syrian refugees a number of years ago, this Local Coordination group would look at areas of health, education, housing and general integration.”

Response of the Executive:

The Wexford Community Forum has been reconvened to assist in the coordination of the response here in County Wexford to the Ukrainian Displaced persons situation. A number of meetings of the Forum have already taken place and these meeting will continue at regular intervals over the coming weeks and months. The Cathaoirleach of the Council is a member of the Forum.

11.2 Cllr. P. Barden

“That Wexford County Council calls on the Minister for Environment, Climate & Communications and the Office of the Planning Regulator to set as minimum, a setback for wind turbines of six times the turbine height between a wind turbine and the nearest residential property”.

Response of the Executive:

If passed, this Motion will be forwarded to the Minister and to the OPR for consideration

12. Deferred Notices of Motions – County Council Meeting 9th May, 2022

12.1 Cllr. F. Ó Súilleabháin

“This Council acknowledges the severity of the mental health crisis in Co. Wexford, particularly in the area of CAMHS.

It further acknowledges that during out of hours many children in crisis get referred to University Hospital Waterford, only to be sent home without a psychiatric assessment.

We once again call on the Minister for Health and the HSE to set out a timeframe this year for the establishment of a 24/7 Psychiatric Unit with an Assessment Team for both children and adults within Wexford General Hospital.”

Response of the Executive:

If passed, this Motion will be forwarded to the Minister for Health for consideration

12.2 Cllr. F. Ó Súilleabháin

“That this council contacts the OPW and investigates the discovery by archaeologists of a mass grave/burial pit on the battlefield of Vinegar Hill, Enniscorthy following geophysical surveys in 2017. (This made national headlines, and backs up the assessment of local historians and historical accounts)

This council further instructs the OPW to preserve and mark the area as a national monument. In terms of planning and development, it further calls for priority to be given to the preservation of what remains of the battlefield and burial sites on Vinegar Hill.”

Response of the Executive:

If passed, this Motion will be forwarded to the Minister for Public Expenditure and Reform for consideration

13. Notices of Motion

13.1 Cllr. F. Ó Súilleabháin

“That this council calls on the Government and Minister of Social Protection to find a solution which would allow artists with disabilities to be in receipt of the Basic Income for Artists payment without it affecting their disability supports” .

Response of the Executive:

If passed, this Motion will be forwarded to the Minister for Social Protection for consideration

13.2 Cllr. C. Byrne

“Recognizing the fact that such charges are not commonplace across all local authorities, this Council calls for the abolition of slip way charges levied by Wexford County Council from 2022.”

Response of the Executive:

The anticipated income from slipway charges forms part of the Council's overall annual income as set out in the 2022 Budget. These charges have been set for the current financial year by the Chief Executive within the Annual Schedule of Charges. If passed, this Motion will be considered by the Council in the context of the consideration of the 2023 Budget, a process which is due to commence shortly.

13.3 Cllr. J. Moore

“In our efforts to promote the Circular Economy, let us ask our residents who have old and unused musical instruments to donate them so that they can be given a new lease of life. This venture can employ the support across departments such as the Environment and Climate Change as well as Community. The restored old instruments can be returned to use in our communities, schools etc.”

Response of the Executive:

If passed, this Motion will be passed to the Library / Arts Department for further consideration

13.4 Cllr. L. Kelly

“The Council agrees to write to Minister for Health Stephen Donnelly, the Oireachtas Health Committee and the HSE CEO Paul Reid requesting that the provision of Long Covid Clinics is retained and expanded.

The Council also agrees to raise it with our regional health board and/or local hospital and at any other suitable juncture.

The Council then agrees to circulate this motion to other Councils asking them to consider the same”.

Response of the Executive:

If passed, this Motion will be forwarded to the Minister for Health for consideration with a copy to the Oireachtas Health Committee, the HSE CEO Paul Reid and all local authorities for consideration.

13.5 Cllr. T. Forde

“This Council expresses a lack of confidence in the Housing For All plan and its ability to deliver for the housing needs of County Wexford. We ask that Minister Darragh O Brien review this plan and prioritise policies that will ensure access to, and the delivery of, affordable, secure and decent quality housing for all.”

Response of the Executive:

Housing for All is the government’s plan to increase the supply of housing to an average of 33,000 units per year over the next decade, through the provision of a mix of social, affordable and private housing for sale and rent. Over €4 Billion in guaranteed state funding has been secured for at least the next 5 years which is the highest ever level of government investment in building social and affordable housing to date.

As part of the Plan, a range of support measures are being introduced to include increasing the availability of the land, supporting expanded workforce, the provision of funding and increasing capacity to enable both the public and private sectors to meet the targets.

For Co Wexford, a minimum target of 1,155 new social housing units to be delivered up to 2026 has been set by Government. It is expected that Wexford County Council may be in a position to avail of additional schemes and funding to allow a further increase in units over this time. When the plan was launched in September 2021, post-covid supply chain constraints, nor significant inflation nor the war in Ukraine were on the horizon.

The Council welcomes any assistance the Minister can offer that will lead to an acceleration in the delivery of our Housing Capital Programme as outlined above.

13.6 Cllr. M. Sheehan

“That this Council, in consultation with the various Countywide initiatives and relevant community organisations, social and health services investigates the feasibility of a dedicated full time phone line Countywide for people who are in a vulnerable physical and mental condition to contact when in a time of adversity.”

Response of the Executive:

A range of organisations currently offer services on a national basis and scale for people may be experiencing vulnerability or difficulty, particularly in times of adversity. The Council is happy to promote awareness of these organisations and the relevant contact details to those target groups who may require their support. We will also engage directly with these organisations in times of particular difficulty as we did for example with ALONE during “ Covid lockdown”.

13.7 Cllr. Davy Hynes

“This Council calls on the Minister for Housing, Local Government and Heritage to cap rents as a matter of urgency as it is obvious the enormous increases in rents are pushing more and more people into homelessness. “

Response of the Executive:

The Housing Agency carried out an analysis on behalf of the Department of Housing before Christmas on the HAP discretion level which is available to local authorities and the resulting analysis and recommendations were presented to the Minister.

In response, and in an effort to secure and expand more tenancies and prevent new entries to homelessness, the Minister has now announced that the discretion rate for all HAP tenancies will increase from 20% to 35% in all counties. The change means that local authorities can now pay up to 35% more than the current set of HAP rates.

In addition, from July 2022, a single person will now also be eligible for the couples HAP rate.

13.8 Cllr. F. Ó Súilleabháin

“In April 28th the Minister for Housing, Local Government and Heritage Darragh Ó Brien provided the breakdown, by local authority, of the Affordable Housing targets funded by the Affordable Housing Fund for the period 2022 to 2026. The five-year 2022-2026 total target has been allocated to eighteen local authority areas, where the need for affordable housing is determined as being significant.

This Council expresses our deep disappointment to the Minister that Co. Wexford was omitted from the National Affordable Housing Fund List; we ask that it will be included immediately, and we further ask - how many families in Co. Wexford will be allocated affordable houses this year, and in the years 23, 24 respectively?”

Response of the Executive:

County Wexford does not currently have an affordability constraint at a county level in terms of house purchase. With this in mind, the Council Executive has commissioned KPMG to examine the key urban centers across the County to determine if an affordability constraint can be demonstrated at main town level. Where this occurs, the Council will make a sub-county application for access to the Affordable Housing Fund in respect of these areas.

Independently of this exercise, and where sufficient demand can be demonstrated, the Council is committed to examining the delivery of small number of affordable housing units. The first such affordable housing scheme to be brought on stream will be a 20-unit development of 3-bed semi-detached units in Ramsfort, Gorey with house prices set to not exceed €250,000.

A roadshow to promote this Scheme is scheduled to go live in Gorey Civic Centre later this month, allowing people to see the scheme in greater detail and to register their interest.

13.9 Cllr. L. Kelly

“Wexford County Council develop a clear policy in relation to how it deals with Rhododendron. It is an invasive non native species that can cause ecosystems to collapse because they do not coexist with our native plants once they get established. They take over and stop a natural plant community developing. With the policy resources should be allocated to ensure it’s implementation”

Response of the Executive:

It is recommended that this Motion be directed to the Climate Change, Biodiversity & Environment SPC for consideration, with the results of that consideration process to be brought before Wexford County Council for further review.

13.10 Cllr. Davy Hynes

“This calls on the Minister for Housing, Local Government and Heritage to increase the criteria for people applying for Social housing as the present situation is forcing people into paying high rents and therefore into poverty and its often a choice between 'rent or food'”

Response of the Executive:

As outlined above, the Minister has now announced that the discretion rate for all HAP tenancies will increase from 20% to 35% in all counties. The change means that local authorities can now pay up to 35% more than the current set of HAP rates. In addition, from July 2022, a single person will now also be eligible for the couples HAP rate.

These measures when implemented will significantly increase the ability of those on the Housing List within private rented accommodation to meet their rent commitments.

13.11 Cllr. Tom Forde

“This Council calls on the government and Minister Michael McGrath to immediately take action to ensure that every household receives the full €200 energy credit, as was previously guaranteed and we express our unhappiness that some tenants of Wexford County Council who face the same increases in the cost of living as the rest of our community, have been excluded from this full rebate due to shortcomings in the government measure.”

Response of the Executive:

If passed, this Motion will be forwarded to the Minister for Public Expenditure and Reform for consideration

14. Any Other Business
