16. Councillor's Conferences and Training

16.1 Delegation Reports

- KIMO – May 2026

17. Notices of Motion

17.1 Cllr. J. Sullivan

" This council namely Wexford County Council calls on Regnum Renewables to withdraw their proposal for "Kilmichael Windfarm" in the townlands of Mount Nebo, Craan Upper, Sleivebawn, Monaseed Demense and Kilmichael Gorey due to the overwhelming opposition to the project by the residents of the aforementioned areas."

17.2 Cllr. R. Staples

"Wexford County Council calls on the Minister for Transport to implement the road maintenance catch-up fund for local authorities as committed to in the Programme for Government. We note that we are now 18 months into the Programme, yet Wexford County Council has not received any catch-up funding to date, despite allocating significant local resources to maintain and repair our road network. This lack of national support has left the Council unable to address the scale of deterioration on many regional and local roads. The catch-up fund must be delivered as part of Budget 2027 to ensure that counties like Wexford are not left behind."

17.3 Cllr. J. Fleming

"I am calling on the minister for housing as to when they fund Approved housing bodies to ad a caveat that when the Approved housing bodies purchase a property for rental purposes that there is a time limit of 2 years attached for the following reason (2 years to allow time for renovations etc) if occupation has not started during those 2 years the Approved Housing body is compelled to return the Government funding in full."

17.4 Cllr. B.A. Murphy & Cllr. D. Kenny

"Wexford Co. Council calls on the telecommunications company Eir to clarify that their maintenance responsibility regarding public infrastructure includes all the telegraph poles and lines in the country.

I ask Wexford Co. Council to write to the Minister for Communications and to the Chair of the Oireachtas Committee on Communications to convene a meeting to discuss the regulation of this area of critical communications infrastructure with Eir and to get a commitment that broken telegraph poles will be replaced within 48 hours."

17.5 Cllr. A.R. O'Brien

"Wexford County Council calls on the Minister for Education and Youth and the Department of Education to fully resource and provide a qualified school therapist in every primary and secondary school, ensuring that children and young people experiencing mental health difficulties have timely access to professional support within their school community.

This council further calls for increased investment in school-based mental health services to ensure that all children have access to essential supports during periods of emotional or psychological distress."

17.6 Cllr. T. Forde

"I ask that Wexford County Council establish a "Made of Wexford" Award Scheme, modelled on successful place-based recognition initiatives such as "Made of Athy", to celebrate and promote individuals, businesses, organisations, products, cultural contributions and achievements that embody the spirit, talent, innovation and identity of County Wexford. The award scheme would aim to recognise excellence and strengthen pride in Wexford's communities, heritage, enterprise and creativity, while also supporting tourism, local enterprise and civic identity. The Council is requested to examine the structure, criteria and implementation of such a programme and report back on its feasibility."

18. Any Other Business
