1. Presentation – “Wexford Comhairle na nÓg: Help Us Help Our Health”

Students Ella Colgan (Presentation Wexford), Rory Reynolds (Selskar College), Jake Reck (Wexford CBS), Tommy Stafford (Wexford CBS) and Karolina Mahoney (Presentation Wexford) delivered a presentation on behalf of Wexford Comhairle na nÓg outlining their project, “Help Us Help Our Health”. The presentation highlighted research undertaken with 678 young people regarding their experiences of healthcare services and interactions with health professionals. Key findings emphasised the importance of clear communication, active listening, respect and direct engagement with young people in healthcare settings. The students also outlined recommendations for young people, healthcare professionals and decision-makers aimed at improving healthcare experiences and achieving better health outcomes for young people.

The students responded to a number of questions from Councillors P. Kavanagh, V. Barron, A.R. O’Brien, L. Kelly, C. Walsh, J. Owens, J. Codd, B.A. Murphy and were praised by all for their work and presentation.

Cathaoirleach, Cllr. Lisa McDonald, thanked the students for their informative presentation and commended their research and advocacy work. The Cathaoirleach acknowledged the recent passing of Evan Jones, a remarkable young man and founder of Quackie Jack, a County Wexford-based charity initiative that uses a sock puppet character to help children and teenagers undergoing cancer treatment better understand complex medical terminology, procedures and hospital experiences. The Cathaoirleach noted the strong connection between the work of Quackie Jack and the findings presented by Comhairle na nÓg, particularly the importance of clear communication, providing information in an accessible way, and ensuring that young people feel informed and involved in matters affecting their health. She suggested that Evan's parents may welcome an opportunity to engage with members of Comhairle na nÓg in the future as a fitting way to honour his memory and continue the positive impact of his work.

Ms. C. Godkin expressed her appreciation to Ms. Avril O'Sullivan, Comhairle na nÓg Co-ordinator, FDYS, and Ms. Denise Kehoe, Wexford County Council, for their ongoing support and work with Comhairle na nÓg.

8. Budget 2027

a. Local Property Tax - local adjustment factor 2027 (LAF)

Ms. L. Lacey advised that Wexford County Council took the decision to retain the LAF at +15% for a period of 5 years, the lifetime of the current Council, from 2025 to 2029. As a result of this, a meeting to consider the Local Adjustment Factor for 2026 is not required.

Ms. Lacey also advised that the Finance (Local Property Tax and Other Provisions) (Amendment) Bill 2025 was enacted on the 2nd July, 2025 to support the revaluation of properties for LPT on the 1st November 2025. It also specifies the parameter of the Local Adjustment Factor, which has been amended from the "+/-" max of 15% to a new maximum increase on the base rate of +25%. The maximum decrease on the base rate remains the same at -15%.

The 2022 regulations established the statutory deadline for passing a resolution to set a Local Adjustment Factor as follows:

- In the year in which a revaluation takes place this will be 31st August
- In every other year the deadline will revert to 15th October

Therefore, for the 2027 decision the deadline is 15th October 2026.

b. Local Property Tax - provisional allocation 2027

Ms. L. Lacey advised that the provisional Local Property Tax figures for 2027 have not yet been issued by the Department and, accordingly, the Council's LPT allocation for 2027 remains unknown at this point. However, having regard to the fact that Wexford County Council is dependent on equalisation funding to bring the Council to its baseline funding level of €16,026,453, it is not anticipated that there will be any increase in the Council's overall LPT allocation. Any additional LPT arising from new properties registered during 2026, excluding the Local Adjustment Factor, will instead reduce the Department's equalisation funding commitment, rather than provide an increase to the Council's overall baseline allocation.

c. Budget Meetings 2027 - prescribed periods

Ms. L. Lacey advised that Circular Fin 08/2026 has been received confirming the prescribed periods for the holding of 2027 Budget Meetings.

The prescribed period for the Statutory Budget Meeting is:

02nd November 2026 to 30th November 2026

The prescribed periods that apply for the holding of a meeting of a municipal district to consider the draft budgetary plan (GMA) are as follows:

01st October 2026 to 13th November 2026

9. Approval in accordance with Section 106 of the Local Government Act, 2001 (as amended)

Ms. L. Lacey informed the Council that the current overdraft facility expires on 31st December, 2026 and it will be required to seek Ministerial sanction for borrowing by way of temporary overdraft for the 2027 financial year.

Ms. Lacey outlined that the current overdraft facility is for €15m and due to ongoing financial risk and pressures, it is proposed to seek the Member's approval in accordance with Section 106 of the Local Government Act 2001 to acquire an overdraft facility of €15m for 2027.

On the proposal of Cllr. P. Barden, seconded by Cllr. P. Kavanagh, the Council resolved to approve borrowing by way of temporary overdraft accommodation of €15 million to 31st December, 2027, in accordance with the provisions of Section 106 of the Local Government Act 2001.

16. Notices of Motion

16.1 Cllr. J. Sullivan

"This council calls on the Minister for Housing to amend the Housing Income Threshold Regulations to allow housing applicants " who exceed the housing income threshold have their income averaged out over their time on the housing list rather than removing them summarily and losing their time on the housing list"

On the proposal of Cllr. J. Sullivan, seconded by Cllr. J. Dwyer, and agreed by all, the motion was carried.

16.2 Cllr. P. Byrne & Cllr. R. Staples

"We call on Wexford County Council to ensure improved coordination and communication between Municipal District Engineers when planning road repairs and maintenance in areas where district boundaries meet.

Particular emphasis should be placed on co-ordinating works between districts, including aligning schedules and sharing information, to avoid unnecessary disruption, duplication or delays for residents and road users."

On the proposal of Cllr. P. Byrne, seconded by Cllr. B. Murphy, and agreed by all, the motion was carried.

16.3 Cllr. T. Forde and Cllr. A.R. O'Brien

"We call upon the Minister for Justice, the Minister for Public Expenditure, Infrastructure, Public Service Reform and Digitalisation, An Garda Síochána, the Central Statistics Office, and any other relevant State agencies to develop and publish anonymised, aggregated statistical data on recorded crime, including violent and sexual offences, broken down by nationality and, where lawfully collected and statistically robust, ethnicity.

The purpose of such data collection and publication would be to:

Improve transparency and public confidence in official crime statistics;

Support evidence-based policymaking and informed public debate based on official statistics rather than speculation or misinformation;

Bring Ireland into line with international best practice where demographic crime statistics are routinely published in an anonymised and aggregated format.

This Council further requests that a copy of this motion be forwarded to all local authorities for their consideration and support."

On the proposal of Cllr. T. Forde, seconded by Cllr. C. Doyle, and agreed by all, the motion was carried.

16.4 Cllr. J. Fleming, Cllr. D. Kenny, Cllr. P. Breen

"I am calling on Wexford County Council to write to the Minister for Education and the Minister for Transport seeking the regulation and reform of the School Transport Scheme ticket allocation process. This should include the introduction of a statutory timeframe for the processing of applications and responses to queries, ensuring transparency and timely communication throughout the process.

Furthermore, families should be notified no later than 31st July each year as to whether they have been allocated a school bus ticket, thereby allowing sufficient time to make alternative transport arrangements where necessary. The current uncertainty and delays place unnecessary stress and anxiety on parents, guardians and students during the summer months. A streamlined and accountable system is required to provide families with certainty and adequate time to prepare for the forthcoming school year."

On the proposal of Cllr. P. Breen, seconded by Cllr. D. Kenny, and agreed by all, the motion was carried.

16.5 Cllr. T. Forde and Cllr. A.R. O'Brien

"Acknowledging Wexford County Council's existing commitment to disability housing, independent living, Universal Design and Lifetime Housing, we recognise and support the aims of the Before We Die campaign, which seeks to ensure that adults with intellectual

disabilities can plan and secure appropriate homes and supports before their ageing family carers can no longer provide care.

We call on Wexford County Council, in partnership with the HSE and relevant disability service providers, to develop a proactive pathway for adults with intellectual disabilities living with ageing family carers, so that future housing and support needs can be identified and planned before a crisis occurs and for the Government and HSE to provide the necessary funding and supports to enable appropriate, community-based housing and support options to be developed in County Wexford.

We request that a report be brought to a future meeting of the Council outlining the current and projected need for such accommodation in County Wexford and identifying opportunities to progress the above."

On the proposal of Cllr. T. Forde, seconded by Cllr. C. Doyle, and agreed by all, the motion was carried.

17. A.O.B.

17.1 Cllr. V. Barron

"That Wexford County Council calls on the Minister for Housing, Local Government and Heritage to introduce a strengthened "infrastructure-first" approach to residential development, whereby the planning, funding and timely delivery of essential community infrastructure and public amenities are integrated into the development of new and expanding residential areas.

This should include appropriate provision for schools and childcare facilities, public and active transport infrastructure, community and recreational facilities, green and open spaces, healthcare and other essential local services, with such infrastructure delivered in tandem with, and where practicable in advance of, significant residential occupation.

Furthermore, Wexford County Council requests that local authorities be provided with sufficient funding, powers and planning mechanisms to ensure that the provision of housing is accompanied by the development of sustainable, connected and properly serviced communities.

On the proposal of Cllr. V. Barron, seconded by Cllr. J. Codd, and agreed by all, the motion was carried.

17.2 Cllr. J. Dwyer

"That this council calls on the Minister for Housing to conduct a full review of the Housing Act with a view to taking into account, conditions of impairment and recognising evolving

needs in responding to modern healthcare diagnoses, when assessing housing need for both allocations and transfers of public housing stock."

On the proposal of Cllr. J. Dwyer, seconded by Cllr. , and agreed by all, the motion was carried.

Cllr. T. Forde enquired if any information will be provided in relation to the Local Democracy Taskforce. Cllr. G. Laffan advised that AILG will be giving all local authorities a presentation.
