	Development Plan 2022-2028. Volume 2 of the Plan which relates to Development Management Policies should also be referred to.
•	
•	
	Please clarify if you have commenced negotiation relating to the provision of Social Houswith the Council's Housing Section Yes \square No \square
	Please identify the units that will provide adaptable housing for people with disabilities. Find plans for these dwellings will be required at preplanning meetings.
•	
•	
	Details of surface water management/attenuation and disposal will be required for the meeting.

NOTE

- A site location map must be submitted with the application for preplanning.
- Drawing and elevation plans will be required.
- Layout plans must identify access and level of car parking, cycle parking and pedestrian access. You will be advised if a Traffic and Transportation Assessment will be required.
- Larger developments may be presented to the Major Preplanning Committee. These
 meetings take place on-line using MS Teams. Your proposal will be screened to determine if
 this system will be used. You will be contacted directly if this is the case and requested to
 provide the email contact details of who you wish to attend.
