Applicant : Tullabeg Solar Farm Limited

Location : Tullabeg, Ballyoughter

Proposal : Permission for a 10 year planning permission for a solar farm consisting of circa 555,000 m2 of solar panels on ground mounted frames, 16 no. single storey electrical inverter/transformer stations and associated spare equipment container, customer switchgear container, security fencing, CCTV, access tracks (including three agricultural bridges), temporary construction compounds, landscaping and all associated ancillary development works. Construction & operational access to the northern part of the solar farm will be provided via an existing agricultural entrance from the L1027 which will be upgraded, with access to the southern part via a new entrance also from the L1027. The solar farm will be connected to the national grid by means of the 110kv substation permitted under An Bord Pleanala Reference 305803-19, with the connection between the proposed solar farm and permitted substation comprising underground cabling. A separate underground interconnection cable will connect the northern & southern parcels of the solar farm. The solar farm will have an operational lifespan of 35 years.
