		Proposal:	<p>A) 1993 Classroom Block Building: The proposed works comprise the upgrading of the external wall fabric through the installation of cavity bead insulation within existing wall cavities where feasible, upgrading of insulated aluminium panels where present, application of external wall insulation systems with rendered finish to all external elevations including over blockwork finishes and Forticrete finishes. The system is mechanically fixed to the existing wall fabric. The existing concrete window sills are to be locally adjusted to allow the insulation to return to window level. A proprietary insulated metal oversill system is to be installed to maintain weathering and visual definition.</p> <p>The proposed works further include the replacement of existing window units with new double glazed thermally broken, aluminium-framed windows. Exterior doors of the building are to be replaced with new double-glazed thermally broken aluminium doors. The proposed replacement windows and doors will match the existing openings in size, proportion and position. The works do not involve any increase in building height alteration to footprint or massing, or the creation of new openings.</p> <p>B) 1993 Gym Building: The proposed works comprise the upgrading of the external wall fabric through the installation of cavity bead insulation within existing wall cavities where feasible and the application of external wall insulation systems with rendered finish to all external elevations. The system is mechanically fixed to the existing wall fabric. The existing concrete window sills are to be locally adjusted to allow the insulation to return to window level. A proprietary insulated metal oversill system is to be installed to maintain weathering and visual definition.</p> <p>The proposed works further include the replacement of existing window units with new thermally broken aluminium-framed double-glazed windows. LAC2604	04/03/2026	Part VIII - Local Authority Development	Wexford County Council	Wexford Municipal District
	Location :	Coolcots, Wexford Rural & Townparks, Wexford Rural		
	Proposal:	Proposed Beechlawn & Clonard Avenue Pedestrian & Cycle Scheme, Wexford Town. The proposed project commences at the junction of L-3503-6 with R-769-2 (Hospital Junction) and extends for approximately 1.8 km southwards to the end of Clonard Avenue (L-3503-8), with works extending onto Whitemill Road (L-3508-1 & L-3508-2). Phase 1 of the Scheme will involve the formalisation of improved pedestrian linkages, the provision of new public street lighting along the pedestrian linkages and the provision of improved pedestrian infrastructure in the vicinity of Kennedy Park National School. Phase 2 will provide dedicated cycling and pedestrian infrastructure on one or both sides of the road, including a minimum cycle track width of 1.3 metres, a number of pedestrian crossings and traffic calming measures involving raised zebra crossings and junction tightening and new road markings. The works will require the removal of a number of trees, with compensatory planting forming part of the overall scheme		
	EIA Status:	N/A
