Planning No.	Application Date	Application Type	Applicant	Area
		buildings, located on the eastern portion of the factory lands in close proximity to the bay. The system is designed to provide reliable renewable electricity generation and will have a DC nameplate capacity of 760.20 kWp and an AC capacity of 600 kW, comprising six 100 kW string inverters. The proposed installation will include all associated electrical, mounting and ancillary infrastructure and site works necessary to facilitate the operation of the PV system. The proposed development is located outside designated Solar Safeguarding Zones and does not fall within and Architectural Conservation Area		
	EIA Status:	N/A		
EXD01430	16/09/2026	Exempted Development	Kilmyshall Hall Committee	Enniscorthy Municipal District
	Location :	Kilmyshall Community Hall, Kilmyshall, Bunclody, Co. Wexford, Y21 TX07		
	Proposal:	The proposed development comprises phase 2 refurbishment, fire-safety, energy-efficiency and ancillary external works to the existing Kilmyshall Hall Community Building and its associated site. The proposed works comprise: 1. External oil tank enclosure: Construction of a secure external enclosure for the existing oil tank, consisting of a concrete base with harris fencing and a secure access doorway. 2. Emergency lighting: Upgrade of the existing emergency lighting system, including the provision of twin-spotlight lighting externally where required for safe access and emergency egress. 3. Fire Doors: Replacement of existing internal doors with appropriate fire-rated doors including associated frames, ironmongery and making-good works. 4. Insulation Works: Installation of cavity wall insulation to the kitchen area and additional insulation to the attic space over the main hall, to improve the thermal performance and energy efficiency of the existing building. 5. Internal Decoration: Internal preparation, repair and painting of the existing hall, including associated making-good works. 6. Boiler Replacement: Removal of the existing boiler and installation of a replacement boiler, together with associated pipework, controls, connections and ancillary works within the existing building. The proposed works relate to the existing community hall and its ancillary facilities. No extension to the existing building, change of use or alteration to the established use of the premises as a community hall is proposed		
	EIA Status:	N/A		
EXD01431	17/09/2026	Exempted Development	Mick Coady	New Ross Municipal District
	Location :	CBS School, Mount St. Joseph, Maiden Lane, New Ross, Co. Wexford		
	Proposal:	The proposed development comprises of the creation a permanent vehicular access through the existing boundary wall fronting Maiden Lane, New Ross, Co. Wexford. The works will include the removal of the existing temporary access section fencing, installation of entrance gates, and formation of a driveway to provide access to an existing hard-surfaced area within the site for use as off-street parking. The proposed access will facilitate parking for the existing occupants of the site and future authorised users of the adjoining buildings. The development is intended to improve parking management within the area by providing off-street parking facilities and reducing reliance on on-street parking in the surrounding residential streets. The works are confined entirely within the site boundary, with exception of the new entrance opening onto Maiden Lane. No additional floor area, buildings, or changes to the existing use of the site are proposed as part of this application		
	EIA Status:	N/A
