

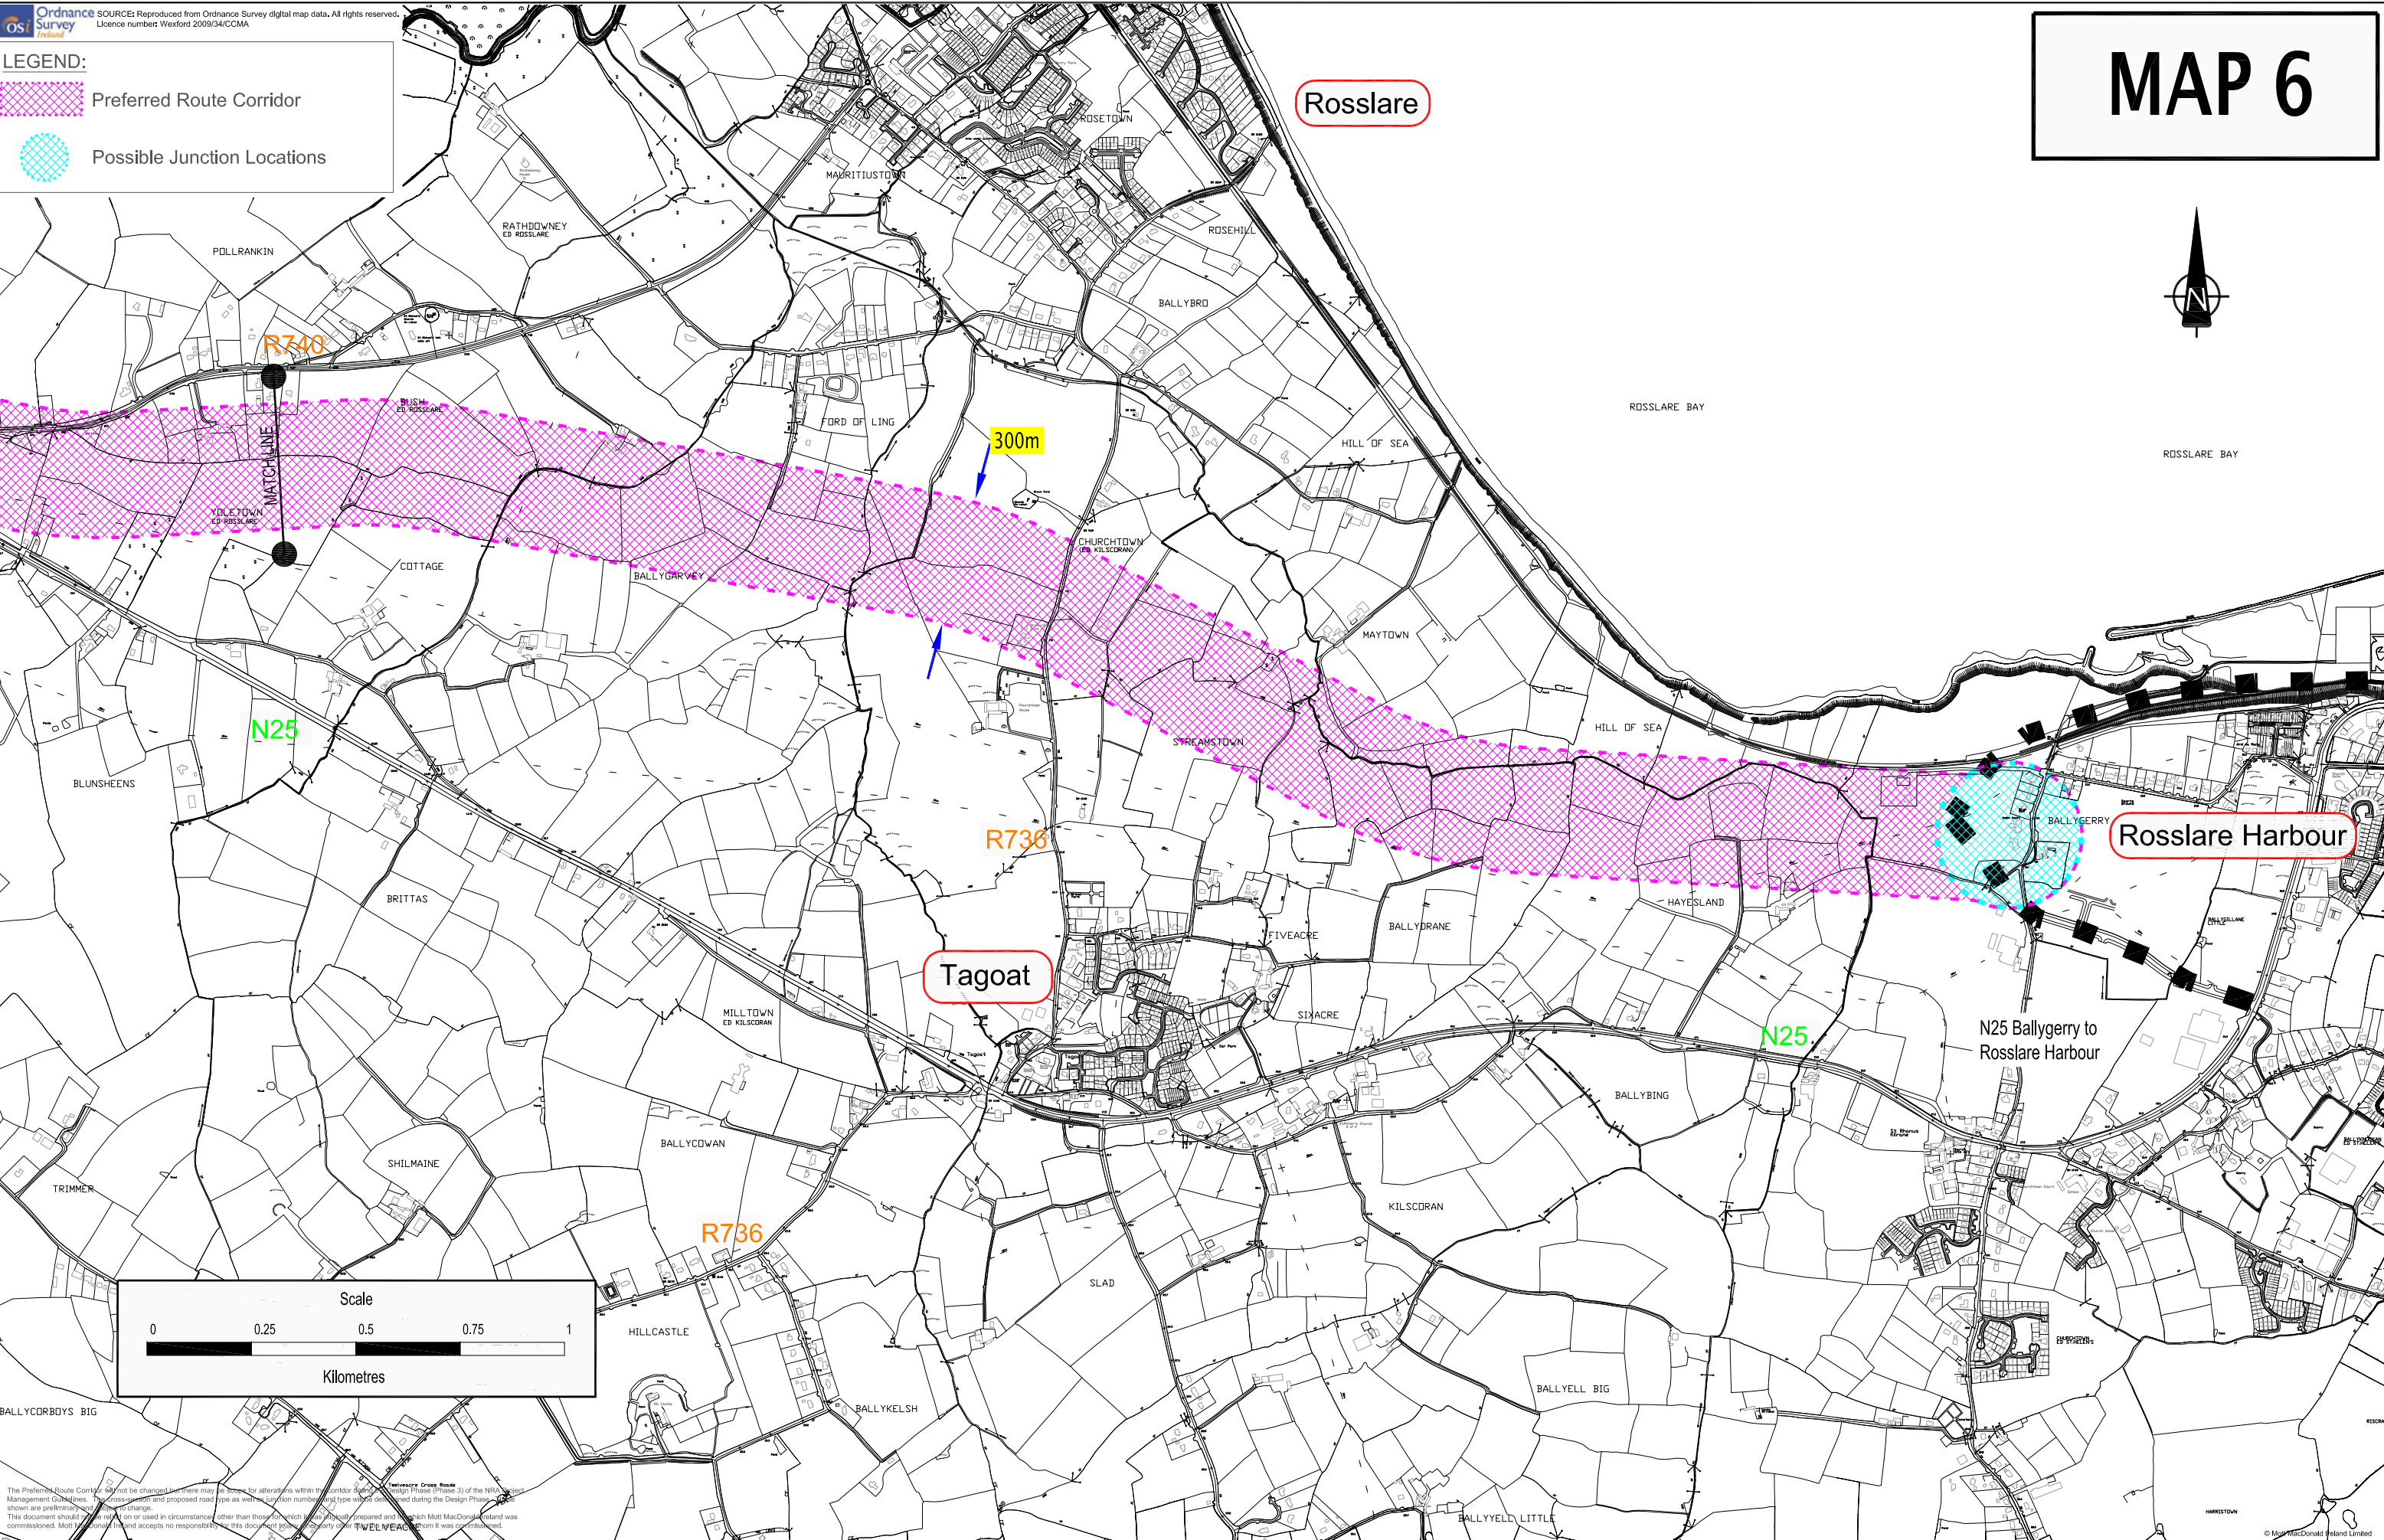

MAP 6

LEGEND:

-  Preferred Route Corridor
-  Possible Junction Locations

The Preferred Route Corridor may not be changed and there may be scope for alterations within the corridor during the Design Phase (Phase 3) of the NRA's Project Management Objectives. The cross-section and proposed road type as well as junction numbers and type will be determined during the Design Phase and may change. This document should not be relied on or used in circumstances other than those for which it was prepared and which Mott MacDonald Ireland was commissioned. Mott MacDonald Ireland accepts no responsibility for this document being used for any other purpose.
