

Scooting and the Law

Bolt scooters are an affordable, more sustainable, and convenient way to move around the city. However, when riding, it's vitally important to stay safe and follow the law.

When riding a Bolt Scooter please remember the following:

Don't drink and drive

Driving a scooter while under the influence of alcohol or other substances is highly illegal and strictly prohibited. Doing so will result in a fine and/or your permanent blocking from using Bolt services.

Respect traffic rules

Follow all street signs while riding. Respect other commuters as they move around the city.

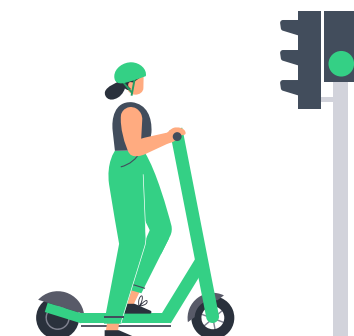

One scooter, one rider

Our scooters are built to carry a single rider at a time. It is both illegal and unsafe to ride a scooter with another person.

Road/cycle path rules

Always remember to ride on the correct side with the flow of traffic.

Traffic lights

Just as with any other vehicle, you must always stop at a red traffic light.
