Dear Mr Galvin,

I can confirm that Iarnród Éireann is engaging with Wexford County Council on the Trinity Wharf project and its plans to submit a planning application in November 2018.

The project will require access across the Dublin to Rosslare railway line and Iarnród Éireann is willing to facilitate the necessary access to the development site subject to the closure of the existing level crossing XR162 and the provision of a new 4 barrier CCTV level crossing.

Iarnród Éireann is broadly supportive of Wexford County Council's proposals to develop these lands and in conjunction, to improve rail safety in this area.

Yours sincerely,
