Having regard to the nature of the application and its location, as outlined in TII's initial submission on the proposed development of 8 March 2019, the Authority has no specific observations to make in relation to potential impacts to the existing and/or proposed national road network in the area. Following a review of the Further Information documentation, this remains the position of TII.

TII trusts that the foregoing proves of assistance to the Board in the assessment of the subject proposal.

Yours faithfully,

pp Mark Byrne
